

Why An App Like This?

There's a real need for an app that would allow people to easily connect with others to participate in healthy, peer-driven activities.

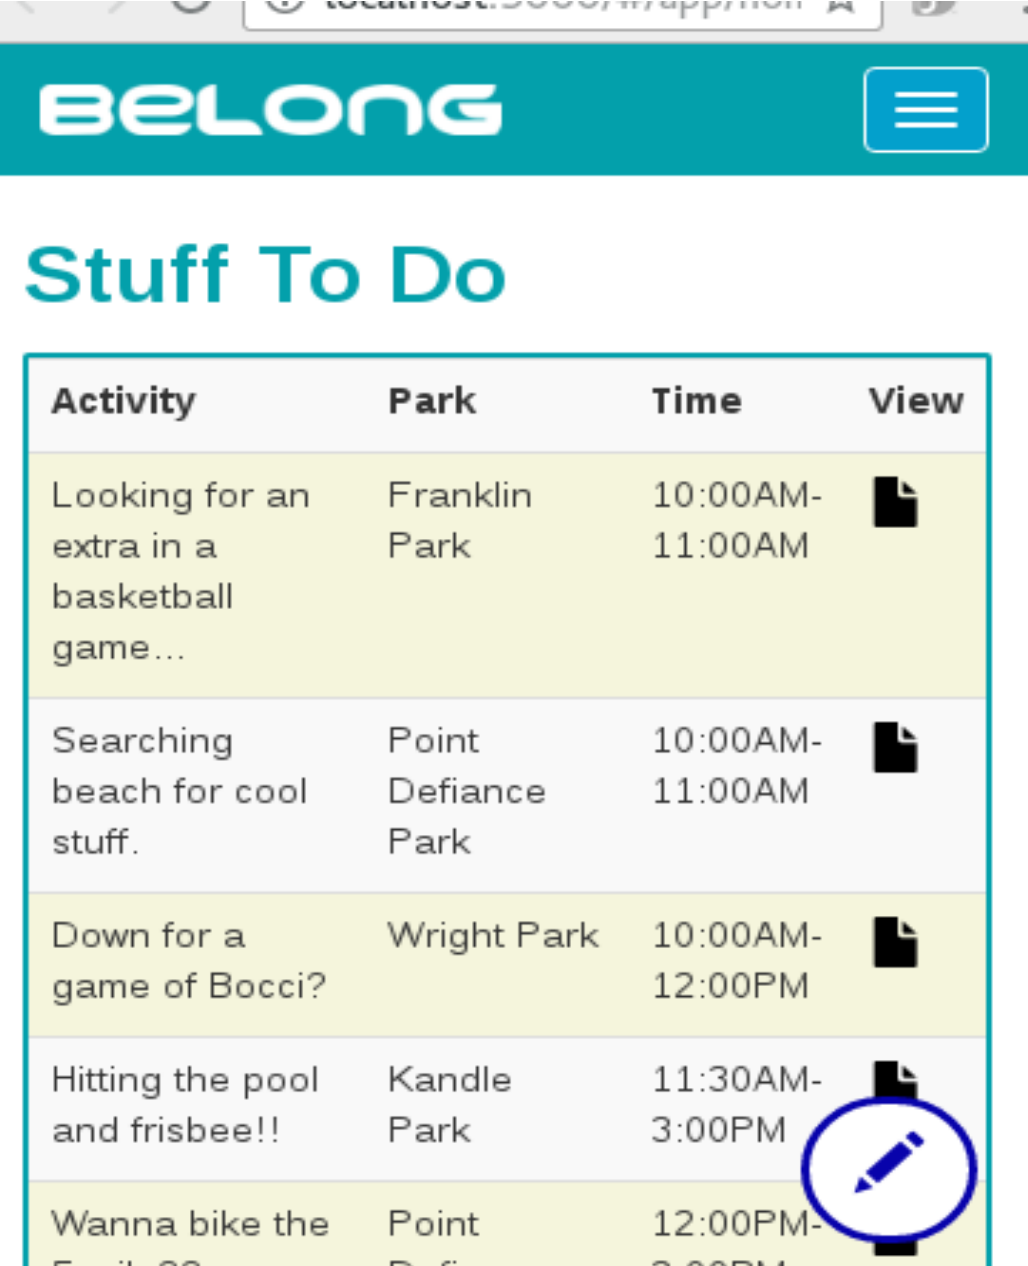

How did we do it?

- Flask
- SQLAlchemy
- Flask-Restless
- AngularJS
- UI-Router
- Bootstrap

What does it look like?

On Mobile...

Activity	Park	Time	View
Looking for an extra in a basketball game...	Franklin Park	10:00AM-11:00AM	
Searching beach for cool stuff.	Point Defiance Park	10:00AM-11:00AM	
Down for a game of Bocci?	Wright Park	10:00AM-12:00PM	
Hitting the pool and frisbee!!	Kandle Park	11:30AM-3:00PM	
Wanna bike the	Point Defiance	12:00PM-3:00PM	

What does it offer MPT?

- A way to encourage use of parks.
- Provides routing to reservations for resources that support activities and structured programs.
- Would provide data regarding usage of park resources.
- Platform to promote upcoming events.

Obstacles/Recommendations

- Data and its accessibility.
- Interaction with existing services.

Thanks!

We very much enjoyed ourselves and are grateful to all those that made this event possible.

We are looking forward to the next one!
